VERSATILE CAPITAL LETTERS

are a staple in every calligrapher's "diet".

Large and bold or tiny and delicate, they offer a straightforward way of communication. We will review a basic "Free Cap" using Roman proportions on Friday evening, then explore ways to make these letters show their potential. We'll compress and expand, interlace and pack, float and define. You will enjoy making samples of these variations and using them in future design projects.

Cost is \$65 (supply list available upon registration)
